KEVIN MUSIORSKI

📞 (312) 772-5636 🏠 Tinley Park, IL
🐙 RudyOnRails ✉ musiorski@gmail.com

Goal	Mix my experience and skills with others' on a talented team so we may apply a combination of known conventions and creative solutions to unique business needs, while continuing to grow
Skills	Ruby/OOP, Rails/MVC, RSpec/TDD, Git, HAML, CSS/HTML, wireframing, JS/jQuery, Chrome Dev Tools, debugging, hosting/hardware, performance tuning, *nix, db design, SQL & ERD's

Work

Ruby on Rails Developer Apr'12 - Present

AgentMooney.com
- worked with musician to understand needs, while technically guiding project
- 5 views, jQuery carousel, pages controller, sign_up model/mailer/controller, 1 table postgres

PhotogFind.com
- inherited developers' codebase; worked with startup to complete priorities and launch
- setup environments; increased response times; mentored 2 beginner Rails developers
- studied and used popular git workflow; implemented state_machines; worked with UJS

Otabo, Inc.
- listened to client needs, engineered Shopify API solution, delivered results
- accepts webhooks, parses JSON, checks smart_collections, tags customers accordingly

SnapClass.com (apprenticeship)
- wrote tests for a small voting app; learned OOP more in depth
- used RSpec, Guard, LiveReload, & AutoTest; learned about mountable engines vs gems

Blosm.com
- focused on MVC basics, refactoring controller/views; built form & mailer
- worked with TwitterBootstrap, asset pipeline; deployed to production on Heroku

Echo Global Logistics - Help Desk Technician Feb'11 - Aug'11
- supported over 1000 user infrastructure (hardware/software break-fix, user admin)
- presented "Help Desk Improvements Proposal" to CTO and Manager of Infrastructure
